Subject: Two-Day-Long Break for Students to Heal from the Common Cold

Respected Sir/Madam,

I hope this letter finds you in the best of health and high spirits. I am writing to request a two-day-long break for students to cope with the prevailing common cold infections among them. The recent weather changes in our region have led to a significant rise in the number of students affected by the common cold, which has consequently impacted their attendance, concentration, and overall well-being in school.

The common cold is a contagious illness, and affected students' presence in the school premises could potentially result in more students falling sick. A two-day-long break would provide the necessary time for the affected students to recover, and help prevent the spread of the virus amongst their peers. It would also enable the school to take preventive measures, such as sanitizing the premises, to ensure a healthy environment for the students upon their return.

Keeping in view the best interests of our students and school community, I kindly request you to consider this proposal and grant a two-day-long break for the students. Your prompt action in addressing this issue would be greatly appreciated.

Thanking you in advance for your understanding and cooperation.

Yours sincerely,
